

EuroPrep 2024

Scientific Program

Thursday January 25, 2024		
09:00	09:05	Welcome Stéphane DUBANT – Reach Separations
09:05	09:30	Establishing Automated Purification Facilities at AstraZeneca - Capabilities and Lessons Learnt Jennifer KINGSTON – AstraZeneca
09:30	09:55	Building Purification Capability for Chemistry Automation at Exscientia Craig WHITE – Exscientia
09:55	10:20	Is that Really Chromatography? Support to Medicinal Chemistry with more than HPLC, SFC and MCC... Pierre BILLEMONT – UCB
10:20	10:45	How we Support Medicinal Chemistry with SFC Technology David WECHSLER – Hoffman-Laroche
10:45	11:15	Coffee break
11:15	11:40	What, Why and How in HPLC Purification at Almirall Sonia ESPINOSA – Almirall
11:40	12:05	Preparative HPLC for Impurity Profiling & Product Characterization within Innovation and Production Guido WAHL – DSM-Firmenich
12:05	12:30	Implementation of a Global End-to-End High Throughput Purification Workflow to Support Drug Discovery Research Alberto FONTANA – Janssen
12:30	13:45	Lunch
13:45	14:45	Round Table – 2 topics discussed
14:45	15:10	Scale-up of Large-Scale Chiral Separations Olivier DAPREMONT – AMPAC Fine Chemicals
15:10	15:35	23 Years of Preparative Chiral Separations David ROBIN – CTE Daicel
15:35	16:05	Coffee break
16:05	16:30	Preparative SFC: Progress, Pitfalls and the Path Forward Victor SPELLING – AstraZeneca
16:30	16:55	Fatty Acids and Omega-3 Purification Technologies Overview Roberto FRONZONI – KD Pharma
16:55	17:20	Recent Development in Preparative SFC with 100% CO ₂ – Examples with Natural Compounds Aurélie BICH – Reach Separations
17:30	19:30	Afterwork l'Abattoir Café 1 Quai Charles Altorffer, 67000 Strasbourg

Friday January 25, 2024		
09:00	09:05	Welcome
09:05	09:30	HILIC Chromatography – Another Option for Polar Compounds John REILLY – Novartis
09:30	09:55	Large Scale Purification with Glass Column Chromatography Cyril Henry – NovAliX
09:55	10:20	The Rocky Road Trip to Establish a Robust High Throughput Purification Process Cristina ANTA – Eli Lilly
10:20	10:45	Synthetic Lipids – Is there One Technology to Purify them all? Markus Juza – Corden Pharma
10:45	11:15	Coffee break
11:15	11:40	The Taming of the Shrew Peptides Imre SALLAY – Retired Expert
11:40	12:05	How the Origin of the Crude Drives the Preparative Chromatography Pauline OSTER – Axplora
12:05	12:30	Analytical Chemistry for Medicinal Chemistry: Small-Scale Preparative SFC Emmanuelle LIPKA – Lille University
12:30	13:30	Lunch (take away possible)
13:30	15:30	Optional: Visit of Reach Separations Lab
